Will (Testator) List, 1803-1955
 © Ted O. Brooke, 2009

Clarke County was created in 1801 from Greene and Jackson counties, Georgia. The following is a list of all wills recorded in Clarke County, Georgia record books from 1803 to 1955. This list is compiled from a search of every page in each book and not from the original indexes which may be faulty.

The information given is (1) the testator's name. In some cases a name is found to be spelled differently within the will and, in those cases, I have shown the spelling used in the signature or as most commonly spelled. (2) the date of probate or recording of the will which indicates the date of death of the testator. In cases where a "d" in parenthesis (d) is shown after the date, that is an instance where there was no date of probate or recording given and this is the date the will was written. (3) the book & page where the will is recorded. The page number shown is the first page the will is found on and it may continue for several successive pages. In some cases two page numbers are shown which indicates the will was recorded twice, perhaps in "common" and "solemn" form or simply by mistake. Where an alpha-suffix, such as "25a" is shown, this indicates a double page where one is numbered and the accompanying page is not.

With appreciation to Mr. Fred McRee for the use of his microfilm in preparing this record.

Administrator's Bond Book A, 1803-1827. This book is labeled "Will Book A 1802-1822" on the spine, although it is bound together with Will Book A, 1803-1822 (below). There is an original index in the front on unnumbered pages, followed by recorded wills and administrators bonds on pages 1-151. The earliest five wills recorded in Clarke County are on pages 2 to 8 and four of these are duplicated in Will Book A, pages 5-8.
