

ELBERT COUNTY, GEORGIA  
Will (Testator) List, 1790-1958  
© Ted O. Brooke 2009

Elbert County was created December 10, 1790 from Wilkes county; the county seat is Elberton, Georgia. Elbert County will records are extant from 1790; the original records are available in the Elbert County Probate office in Elberton and microfilm of books A through E are available at the Georgia Archives in Morrow and elsewhere. There is no general index to Elbert County estates for this time period and the indexes in the original individual books are possibly faulty. The following is a list of all wills recorded in Elbert County, Georgia record books from 1790 to 1958. This list is compiled from a search of every page in each book and not from the original indexes.

The information given is (1) the testator's name. In some cases a name is found to be spelled differently within the will and, in those cases, I have shown the spelling used in the signature or as most commonly spelled. (2) the date of probate or recording of the will which indicates the date of death of the testator. In cases where a "d" in parenthesis (d) is shown after the date, that is an instance where there was no date of probate or recording given and this is the date the will was written or dated. In cases where a date is shown in parenthesis, such as (1889), that is a case where there is no date associated with the will and the date of probate is estimated by the compiler. (3) the page in the particular book where the will is recorded. The page number shown is the first page the will is found on and it may continue for several successive pages. In some cases two page numbers are shown which indicates the will was recorded twice, perhaps in "common" and "solemn" form or simply by mistake. Where an alpha-suffix, such as "25a" is shown, this indicates a double page where one is numbered and the accompanying page is not.

Will Book A, B, C, 1791-1803.
