Gwinnett County is an original county created by acts of December 15, 1818 and December 19, 1818 from a Cherokee cession of July 8, 1817 and a Creek cession of January 22, 1818. The county seat is Lawrenceville, Georgia. There is a "General Index to Estates Book 1 late 1800's – 1977" (4 vols.) in the Gwinnett County Probate Office, although it does not include the will of William Bailey, the first will recorded in Will Book D, it does include the will of William Maltbie, the second will recorded in Will Book D. The courthouse there burned in 1871 and nearly all county records were lost. A few records from the Inferior Court and minute books from the Ordinary Court were saved although no will records are found among these records. Will records are extant only from 1871 although some earlier wills were re-recorded. The three earliest will records in the Probate Office begin with Will Book D, 1852 to 1886 (actually dates 1871-1897), Will Book E, 1888 to 1917 (actually dates 1897-1917) and Will Book F, 1917 to 1931. The original books may be found in the Gwinnett County Probate Office in Lawrenceville, Georgia and Will books D and E are available on microfilm at the Georgia Archives Microfilm Library in drawer 159 reel 43.

The following is a list of all wills recorded in Gwinnett County, Georgia will books from 1871 to 1931. This list is compiled from a search of every page in each book and not from the original indexes which may be faulty. There is a "General Index to Estates Book 1 late 1800's – 1977" (4 vols.) in the Gwinnett County Probate Office, although it does not include the will of William Bailey, the first will recorded in Will Book D, it does include the will of William Maltbie, the second will recorded in Will Book D.

The information given is (1) the testator's name. In some cases a name is found to be spelled differently within the will and, in those cases, I have shown the spelling used in the signature or as most commonly spelled. (2) the date of probate or recording of the will which indicates the date of death of the testator. In cases where a "d" in parenthesis (d) is shown after the date, that is an instance where there was no date of probate or recording given and this is the date the will was written. In cases where a date is shown in brackets, such as [1931], there is no date associated with the will and the date of probate is estimated by the compiler. (3) the book & page where the will is recorded. The page number shown is the first page the will is found on and it may continue for several successive pages. In some cases two page numbers are shown which indicates the will was recorded twice, perhaps in "common" and "solemn" form or simply by mistake. An underlined item indicates a name or date that is presented exactly as shown in the record book, although it may appear to be incorrect.

Will Book D, 1852-1896 (actually dates 1871-1897).

This book is labeled "Record of Wills D 1852-1886 Gwinnett County" on the spine. An original index is in the front of the book on unnumbered pages, followed by wills recorded from 1871 to 1897 on pages 1 to 536; pages 537 to 552 are blank. It is available in the Gwinnett County Probate office in Lawrenceville and a microfilm copy is available at the Georgia Archives Microfilm Library in drawer 159, box 43.
